Capital Chronicle's ECI record: a smaller quarterly rise

The 12-month civilian-compensation rate was 3.4%, unchanged from the prior 3.4%. That measure is not seasonally adjusted, unlike the quarterly measures.

What to watch: Capital Chronicle's accompanying research records report no directional view on dollar/yen and no directional view on gold after the Employment Cost Index.

Fixture, not current data.

Derived analysis attributed to the U.S. Bureau of Labor Statistics (BLS).

No BLS emblem is used, and BLS does not endorse this publication.

Analysis, not financial advice.

Readers decide whether to trade.
